Che Bea

 Baja Sardinia, Sardegna

Cala dei Ginepri is a wonderful location on the Costa Smeralda, located between Cannigione and Baia Sardinia. Che Bea is inserted in a residential context of exclusive villas with access to the nearby beach of the same name.

The recently built house has an elegant and well-kept atmosphere, in a modern style but with a typically emerald imprint. The open plan living area also houses the kitchen with the dining area. The sleeping area has two ensuite double bedrooms. Outside, the covered veranda with sea view houses a comfortable relaxation area with an additional dining area from which to enjoy wonderful sunsets.

Silence and privacy are guaranteed, the possibility of walking to the equipped beach or the Lunaria restaurant is simply fantastic.
