Villa Angel

Porto Cervo, Sardegna

Perched atop Pantogia hill in a commanding panoramic position, this exceptional villa enjoys breathtaking 180° sea views and stands as one of the signature creations of Arch. Le Suisse, one of the visionaries who shaped the iconic architectural identity of Costa Smeralda.

The property overlooks the stunning Pevero Bay, the Nibani Islands, and, in the distance, the silhouettes of Tavolara and Capo Figari. Nestled within a beautifully landscaped Mediterranean garden that follows the natural contours of the hillside, the villa unfolds across two levels perfectly integrated into the surrounding landscape.
